2. [REDACTED] INTELLIGENCE BRIEFING Jane Mathias,

in the office of Senator Wendell Ford (D., Ky.), called stating that the Senator was taking a trip in early November to the Near East and would like a briefing. The purpose of his trip is to determine foreign policy and national security implications of the U.S. nuclear sales policy. 3. [REDACTED] LIAISON On instructions from

Mr. Cary, and after having consulted with the Office of Security, I called Guy McConnell, on the staff of the Subcommittee on Defense, Senate Appropriations Committee, and in his absence told Jane McMullan, on the Committee staff, that the Committee staff member who was working on a family genealogical study could write to foreign relatives without any jeopardy to his compartmented clearance status so long as he did so by private letter and held to the subject of genealogy. I told her that our Office of Security would be happy to place a memo to this effect in his security file if he wished to write one though none was required. The Office of Security indicated that it is not necessary to advise the FBI and I so advised Ms. McMullan.
